

## Kiama Cycleway Plan

[Home](#) > [Recreation & Facilities](#) > [Outdoor Recreation](#) > [Cycleway Plan](#)

### Our plan

In 1996 Council adopted a strategic plan for the development of cycleways in the Municipality. This plan was developed through the Walking Tracks and Cycleways Committee and many of the recommendations made in the plan have been implemented.

The [Cycleway Management Plan](#) was adopted in 2005 (revised in 2008) in the light of current standards and the completion of work since 1996.

[Cycleway Maps](#) are available together with our [handy foldout brochure](#) that you can carry with you while out cycling. This brochure maps out our great rides from the north in Minnamurra through to Gerroa.

There is also considerable ongoing work to extend the cycleway from Minnamurra, along [Swamp Road to Jamberoo](#).
