Pickit up kits

Get your **free Picitup kit** from Council's Administration Centre, 11 Manning Street, Kiama.

Each kit contains a pair of gloves, hand sanitizer, sunscreen, and notepad of tally sheets placed inside a recycled collection bag.

The kits make it easier for individuals and community groups to pick up litter while out walking and to record what they collect.

This initiative is supported with funding from the Australian Packaging Covenant and the NSW Environment Protection Authority.

Littering from vehicles

Help prevent litter, use the [Report to EPA](#) online service.
