18 LATE ITEMS

That at this time, 5.56pm, Council bring forward and deal with matters pertaining to the Addendum to Reports.

18.1 Question with notice: Financial mismanagement, project management failures, and payout transparency

Councillor Mark Croxford has submitted the following question with notice for Council's consideration:

Question

1. Origins of financial mismanagement and project management failures:

The current body of council has inherited significant issues related to financial mismanagement and project management failures. Can the Chief Executive Officer confirm whether these issues originated in the 2016 - 2021 term of Council, or do they have roots in earlier terms of Council?

2. Project management and Blue Haven Bonaira costs:

Why did the Council fail to adequately project manage or seek reports on key projects, including but not limited to the Blue Haven Bonaira project, across multiple terms? Specifically, why were the following aspects not adequately addressed:

- Operational costs of the facilities
- Variances to budget
- Defects reporting
- Completion reports

The Blue Haven Bonaira project, in particular, incurred substantial costs not fully covered by available funding, leading to significant budget overruns. What steps were missed in the project management process that contributed to these issues?

Can the Chief Executive Officer provide an account of the Blue Haven Bonaira construction project costs and explain why the council did not adequately manage and report on these costs?

3. Transparency, justification and overturning confidentiality agreements for payouts:

Why have the significant payouts to executive directors and the then General Manager, which occurred during the period 2018 to 2021, not been made public?

Can the Chief Executive Officer provide details for these substantial payouts, including the rationale behind these payments and the approval process followed?

Considering the substantial financial impact of these payouts on the Council's cash flow, can the Council review and potentially overturn any confidentiality agreements related to these payouts to enhance transparency and accountability? How does the Council plan to address the community's concerns about the lack of transparency regarding these payouts and ensure that similar situations are handled more openly in Page 3 the future?

4. Informed decision-making:

Were the elected members of the Council, whether from the 2016-2021 term or earlier, adequately advised by the General Manager and Executive Leadership Team of Council of the specifics of 'Project Management and Blue Haven Bonaira Costs' and 'Transparency, Justification, and Overturning Confidentiality Agreements for Payouts' details in either public or confidential sessions of ordinary and extraordinary meetings of Council to allow them to make informed decisions? If not, why was this critical information withheld?

5. Accountability for financial mismanagement and maladministration of operational issues:

What actions have been or can be taken against those identified as responsible for the financial mismanagement and maladministration of operational issues inherited at the beginning of this Council term?

Specifically, what measures, including disciplinary actions, sanctions, terminations, or legal proceedings, have been implemented or considered? If no actions have been taken, please explain why not.

6. Release of Forsyths Report:

What would need to be done to publicly release the full details of the Forsyths Report? Can the Chief Executive Officer provide an outline of the necessary steps and any potential legal or procedural obstacles to making the full report available to the public?

18.2 CEO note in respect to Item 14.1 Monthly Financial Report - May 2024**24/235OC**
